

CLOUD ADVISORY SERVICES

Valencia IIP: our name and our focus is Information & Infrastructure Protection. What makes us different is our holistic, integrated perspective.

Cloud-based services represent a viable technology option for business, but one that requires internal and external due diligence. No matter how you integrate SaaS, PaaS or IaaS into your IT Strategy, Valencia IIP has extensive experience with cloud-related matters and we can help you 'navigate the cloud'.

Our cloud services consist of:

- ◆ Defining your cloud privacy and security requirements
- ◆ Developing strategies/roadmaps as to when and how to move data/processes/services to the cloud
- ◆ Indicating which privacy and security controls can help achieve adequate protection of your information
- ◆ Integrating your cloud strategy into your information governance program
- ◆ Evaluating whether the cloud service provider meets your privacy and security requirements
- ◆ Clarifying the roles and responsibilities of the organization and the cloud service provider
